Artist Statement: Bridget enjoys the duality that stained glass and watercolor offer, allowing the color and transparency of watercolor to flow

through her work, but also flourishing in the technical skill of stained glass. She likes to create anything that comes to mind, letting the glass speak to her.

Her signature style is to push the boundaries of stained glass by incorporating the elements of nature into many of her pieces. Her blend of glass, watercolor, and elements found in nature like driftwood, create pieces that are truly one-of-a-kind.

Local artist Bridget DeLoge has been active in the art scene for over 30 years. Her passion for stained glass started early on when she was inspired during a middle school and after-school art program. From the beginning, she knew that art was going to be a constant in her life. That passion grew as she went on to pursue a Bachelor of Fine Arts from Eastern Michigan University with a concentration in watercolor. Although watercolor painting was her focus in college, she always loved the challenge of experimenting with new creative mediums and couldn't resist the idea of a future in stained glass. So, given the opportunity, she delved deeper into the stained-glass process, learning all she could. Bridget is the owner of B's Creative Glass, Inc. in Mequon, WI.
