Artist Statement: John started painting at age 10 in his dad's photo studio doing touch up. He drew and painted in the Navy while free-lancing as an artist. After a successful career in the visual arts, John retired and now creates for fun, showcasing his beautiful art at area galleries.

John uses a variety of mediums for his art. This painting, his re-discovery of oils, uses the "Zorn" Limited Palette technique. This Swedish-style, introduced by Adners Zorn, uses only 4 colors in creating a scene. John uses white, ochre yellow, cadmium red and ivory black to create this beautiful Horseshoe Lake, CO scene.
